**INSTRUCTIONS: Transport Log for LIVE Animals**

This form is the primary record maintained by each transport boat/vehicle/aircraft to track each live animal transferred by this team. The original form stays with the boat/vehicle/aircraft; copies will be requested by officials within the Incident Management Team. This information is important to record both to document each boat/vehicle/aircraft's transport activity and as a backup in case individual LIVE Animal Capture Forms are lost or damaged. Information should be recorded in this log for each animal transported. All live animals must be accompanied by a separate LIVE Animal Capture Form, which stays with the animal until it reaches a rehabilitation facility, AND must also be signed by each transporter.

**Incident Name:** Incident-specific assigned number or incident assigned name.

**TRANSPORT TEAM INFORMATION**
